Message from the

MANAGING DIRECTOR

It gives me immense pleasure to introduce Lavish Design Limited as one of the new entrant in RMG sector. To step in to RMG we have started with a small but modern and efficient 100% export oriented knit garments production factory. Our floor have 6 production lines in Ashulia. We manufacture wide range of products for knit segment by adopting most modern and dynamic technology. We are committed to fulfill the quality, time frame and reliability that you need and at the same time we are working for the extensions to increase our capacity in terms of space, machines and workers.

We strongly believe, we can serve you with highest level of satisfaction with most experienced working team members. On behalf of Lavish Design Limited, I welcome you to visit our office and factory to understand us better and to experience the quality of the products we are making.

Thanking You
Ahamed Suman
Managing Director
Lavish Design Limited.

LAVISH DESIGN
FOR FANCY DRESS

About Us

Lavish Design Limited is a knit garments manufacturing factory with the vertical setup of Gaments, Printing and embroidery solution We are very much passionate to make fancy and ornate garments to get customer satisfaction.

Actually, it's time for E-Commerce and world fashion lovers wants the most decorative and fancy item, but the combination of fancy & minimum quantity manufacturers are not available enough around the world. To give a solution here we offer buyers as much as low quantity minimum of 300 pcs. Also, our main dream is to make the most decorative and fancy garments for you. Beside this we have large setup for big quantity order. You are warmly Welcome here to Lavish Design Limited.

MISSION

To produce quality products and provide seamless service at competitive prices, while creating mutually beneficial outcomes for all stakeholders.

VISION

Our vision is to be a global industry benchmark for quality products and services, alongside being a role model for sustainable behavior towards the environment and community. We hope to make significant contributions towards the advancement of society. The future is indeed green and sustainable.
